## Open for Business

Corona Virus Update from Box Enclosures & Assembly Services Inc.

Throughout this rapidly evolving situation, we know our customers and supplier partners are facing unprecedented challenges on many fronts. All of us at Box Enclosures are committed to keeping our world working by keeping our Libertyville, IL based factory up and running.

At Box Enclosures, our customers have some of the toughest jobs imaginable. By providing safety, personal protection equipment and other MRO products, Box Enclosures is an "**essential business**" for customers, including government agencies, hospitals, medical manufacturers, first responders, food producers, utilities, communications and pharmaceuticals.

Understanding our customers unique needs and delivering solutions that solve problems is how we have earned the trust of more than 125,000 customers around the world, particularly during times of emergency preparedness, response, and recovery. Box Enclosures has not built such a strong reputation alone. Our supplier community has been a significant part of our success.

We want to thank you for your support and understanding during a rapidly evolving situation. We are committed to working with you to do all we can to stay open to serve our customers, communities and those in need.
